About Us

Our Mission

The **Los Angeles Math Tournament (LAMT)** fosters a lifelong passion for mathematics within the youth of the Los Angeles region and beyond, cultivating an environment where mathematical rigor meets a community driven towards solving the problems of tomorrow.

Our Team

Our inaugural 2026 tournament was brought to life by over 40 volunteers and staff from UCLA and beyond. From hand-crafting original competition problems to managing logistics and branding, our multi-talented community of scholars is dedicated to delivering a high-energy math experience to Los Angeles and the global community.

To support our growth for the 26-27 year, we have recruited over 20 new problem writers, logistics members, and volunteers, allowing us to even further improve the quality of our problems and overall events.

Impact

LAMT 2026

On **May 17th, 2026**, we launched the inaugural Los Angeles Math Tournament on UCLA campus for over 130 students from across Los Angeles and other parts of California. Thanks to the hard work of LAMT staff and volunteers, we received overwhelming positive feedback, establishing the LAMT as a vibrant competition for future mathematicians.

Upcoming Events

For the 26-27 year, we are hosting two competitions and extending our reach to middle school students. We keep all our competitions free for our participants removing any financial barriers for our students.

LAMT Gold: (12th and below)

- February 2027
- 350 competitor target

LAMT Blue: (8th and below)

- May 2027
- 200 competitor target

Congrats to our medalists!

Students hard at work!
